## BOARD SETUP

### SCHOOL PROBLEMS

To set up your board put the full set of holds all on the board at the same time in the position indicated to the right. Then have a go at the problems below and let us know how you get on. ### SCHOOL RULES!

1. All problems start sitting on the ground not on a crash mat.
2. All problems start two handed even if there is only one starting hold.
3. All problems are "shaft" or "tracking" which means your feet follow your hands. No other foot holds are allowed.
4. For starting you may use any foot holds on the kickboard.
5. All footholds are placed slopey side facing upwards.
6. All problems finish on row 18 either matched if there is only one hold or on separate holds if there are two.
7. You are permitted to use any part of the numbered hold and can even use both hands on the same hold.
8. All grades use the font grading system. If you feel the grades are not accurate then feel free to let us know.
